

13mm*80mm*24mm Lashing Chain

Introduction of 13mm*80mm*24mm Lashing Chain

Our [13mm grade 80 chain](#) is made from special quenched and tempered steel, which is tough and strong.

All chains, made by our [anchor chain factory](#), are tested by the professional automatic testing machine to proof load for every chain links and stamp our internal marking on the links for quality traceability. Therefore, our alloy steel chain is a guarantee for very high strength, low weight, high wear resistance, and long life.

Specification of 13mm*80mm*24mm Lashing Chain

Nominal size	Material diameter tolerance	Weld diameter	Pitch			weight/M	WLL(T)	MBL(T)
			Pn	p max.	p min.			
13MM	±0.52mm	14.3	13	80	24	3	5	20

Features of 13mm*80mm*24mm Lashing Chain

- High strength, low weight
- High wear resistance and long life
- High strength, low weight, high wear resistance, and long life
